QTY	Description	Price	Amount
1	Dryer Vent - Ultra - Compressed air scrubber "pushes" lint towards inside, while Vesta Wash Tech vacuums dryer vent from inside of unit, and around dryer 25 to 30 vents per day. Recommended for initial cleaning..	56.00	56.00
1	Dryer Vent - Basic - Clean from outside only with compressed air scrubber to "pull" lint to discharge outside 45 - 55 vents per day.	31.00	31.00

Notes:

Based on HOA writing one check for whole community, clean all the same day.
If cleaned singles at homeowner convenience Ultra \$95 Basic \$53

I recommend Ultra as the dryer vents are very dirty and we need to enter units to make sure we get good air flow.

Not sure how many units.
